Edward Williams & Barbara Patterson

1/23/98

Dear Hal,

The great writer Doris Lessing in her autobiography described Ralph Schreiner thus.

But even he could pronounce Maddox's name. Hard and Posner give it Brooks on the paperback covers.

Maddox never recounts the first 85% of the book which shows a conspiracy! What a lazy, avaricious effort. He needed money and got seventy five grand. What can you say?

Sincerely,
EW
